

OLFA ROTARY CUTTING MATS

INCH LINE GRID, SIZES: SMALL, MEDIUM & LARGE

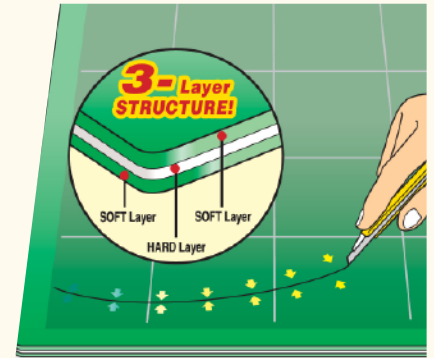

Use this OLFA® rotary mat for any small to medium-sized craft of quilting project. The side with white guidelines is designed for precision cutting, while the solid side is for general cutting. The mat makes a great gift for anyone who enjoys crafting or quilting.

Good For: Protecting cutting surfaces and extending the life of your rotary and utility blades.

OLFA® Rotary Cutting Mats

- Self-healing finish reseals surface cuts, providing a continually smooth surface for all cutting projects
- Double-sided mat is solid green on one side for general crafting and has yellow grid lines on other side for detailed cutting
- 3-layer thickness helps extend mat life
- 1.6mm thick for a variety of applications
- For use only with rotary blades and blades; fixed-blade knives blade may damage mat
- Store flat and out of direct sunlight
- Made in Japan

Self-healing Technology

Self-healing cutting mats with durable, non-slip surface for repetitive cutting without damaging your work surface or harming the knife edge. The cutting mats are from a unique composite vinyl material, designed for both rotary blades and straight utility blades. The cutting mats provide a long-lasting, non-glare surface that can be cut and slashed constantly without showing marks or cutting lines.
