

## MANUALLY RETRACTABLE BOX CUTTER

# SLICE-BC

Blade Depth  
**8mm**

**reddot design award**  
winner 2011

Code: SLICE-BC

The world's first box cutter with a ceramic blade. Patent pending handle features non-slip, easy-hold finish that protects your hand by wrapping around your fist, while the housing limits the amount of exposed ceramic-blade to further reduce injuries. The SLICE-BC features a manual 3-position slider for cutting different materials. With the long lasting and ultra sharp ceramic blade, you'll be opening boxes quickly and safely instead of using a dull metal blade that increases your chance of injuries.

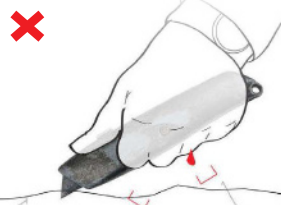

### SLICE-BC Manually Retractable Box Cutter

- Manual 3-position slider for cutting different materials
- Easy-hold ergonomic design to protect your hands from injuries
- Rubberized comfort grip
- Ceramic blade stays SHARP - never rusts
- Easy access blade storage
- Includes one double-sided ceramic blade

### Application:

- ✓ Cardboard
- ✓ Tape Boxes
- ✓ Stretch Film
- ✓ Plastic Sheeting
- ✓ Pallet Coverings
- ✓ Bubble Wrap

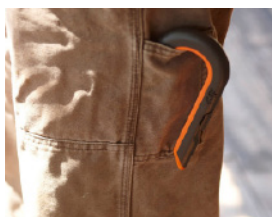

How it works:

**Conventional box cutter**  
Exposed fist & fingers

**Slice box cutter**  
Hands protected

## WHY CERAMIC BLADE?

up to  
**10x**  
longer lasting  
vs. steel
