REPLACEMENT BLADES: A26 ▼

Cartridge of 20

Injector blade

BLADE CHANGING INSTRUCTIONS:

STEP 1

To open the body of the knife, Use a 5c coin by slipping it into one of the rectangular slots and twist the coin.

STEP 2

Once the body has open enough for the coin to fit in, twist and slide the coin along the body to pry open.

STEP 3

Pull the 2 halves of the body apart to expose the injector blade.

STEP 4

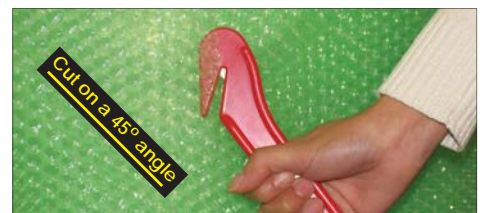

Flip the blade over so that the opposite side of the blade (sharp edge) is not facing you.

STEP 5

Close the body of the knife until it clicks back into place.

Keep knife at 45 degree angle for easier and safe cutting.
