

OLFA®

Ultimate Safety Knife

New
MODEL
SK-6

AUTO-GUARD SYSTEM (PAT. Pending)

Step 1

Step 3

SK-6 featuring **AUTO-GUARD SYSTEM** for maximum safety!

1. Push the slider to expose the blade.
 2. The protective guard automatically releases when starting to cut.
 3. After cutting, the guard completely covers the blade even while the thumb is kept on the slider.
- A rounded tip **RSKB-2** safety blade prevents puncture-related incidents from occurring.
 - Glass-fiber contained ABS body to tough work.
 - Quick and Easy blade replacement.
 - Both right- and left-handed use.
